RE: OHS & ASSOCIATED MATTERS

MONDAY, 7 JULY 2008

063-2008

DECISION

Panel Members met with the parties on July 2, 2008 to confer with regard to asbestos related safety rectification works which were undertaken between April 1, 2008 and June 18, 2008 on the above project.

The Union stated that the safety rectification was undertaken in accordance with the provisions of the Occupational Health & Safety Act 2004 and Clause 16 - Procedure for Dealing with Safety Issues or Incidents of the Company EBA.

Management did not dispute the Union's claim. It was agreed that subclause 16.6.1 Rectification of Safety Hazard was applicable to the works undertaken –

16.6 Rectification of Safety Hazard

16.6.1 Where, because of the existence of a safety hazard, a site has been stopped for a defined period of time and employees sent off site by agreement between Site Managers and any combination of Union Official/s, Health and Safety Committee, those people who remain on site to do rectification work will be paid at the rate of double time for all such work.

On that basis the Conference concluded.
